# New Corporate Head Office & Distribution Center

The Garage Door Depot® is proud to announce its new corporate head office and BC distribution center. This large warehouse and office facility will house both **Canadian Access & Door Systems**, our parent company, and **The Garage Door Depot** and will operate as the head office location for both companies. In addition to this, the large warehouse facility will serve as the primary product distribution center for BC.

*"Our company has grown substantially over the past 6 years and we've more than outgrown our current facility in Coquitlam. With our growing Garage Door Depot operations throughout western Canada we needed something that could not only handle our growing number of staff but also the volume of products coming and going. We're very excited about our new home and very much looking forward to getting settled in."* says, Dean Carman, President & CEO.

In addition to supporting all elements of both companies, the new head office will also be the **National Franchise Training & Support Centre** for the Garage Door Depot Franchise Program giving new and existing franchise partners a state of the art facility to learn "all things garage doors".

The new office will not officially open until **March 1, 2011** and a Grand Opening event will soon follow.
